MEMORIAL DAY 2021 IN UNITED STATES OF AMERICA

The Indian Diaspora Council International (**IDC**) joins with other organizations and institutions in commemorating Memorial Day 2021 in the United States of America. We express sincere gratitude to all who served in the military services to defend the nation and made the ultimate sacrifice; as well as to medical and essential front line workers during COVID-19 who risk their lives to save others. We also salute all volunteers, advocates and supporters who provided materials, resources and services to those in need at this crucial time of tremendous deaths, hospitalizations and devastation, national and personal.

“On Memorial Day, we honor and reflect upon the courage, integrity, and selfless dedication of the members of our Armed Forces who have made the greatest sacrifice in service to our Nation. Whether in the waters of the Pacific, on the beachheads of Europe, in the deserts of the Middle East, or in the mountains of Afghanistan, American service members have given their lives to uphold our Constitution and to defend the safety and freedoms of our citizens. These patriots embody the best of the American spirit. They put themselves on the line for our shared values — for duty, honor, country — and they paid the ultimate price. Our Nation can never fully repay the debt we owe to our fallen heroes and their families”. *US President Joseph Biden.*

Memorial Day is observed annually on the last Monday of May. It was formerly known as Decoration Day and commemorates all men and women who have died in military service for the United States. It started in 1868 as Decoration Day after the American Civil War and in 1968 the United States Congress declared Memorial Day as a national holiday.

With reverence, remembrance, reflection, respect and gratitude, we pay homage and tribute to all those in the US Armed Forces who made the ultimate sacrifice with their lives defending the freedoms and safety we enjoy and so dearly cherish. We also express gratitude for the extra-ordinary contributions of those who served and are serving in the US Armed Forces, as well as all in various branches of civilian law enforcement, firefighting, aviation, transportation, medical, auxiliary services and community volunteer services.

We are grateful for the enormous sacrifices made to maintain and advance freedom and liberty which universally endear the USA as a beacon of hope, freedom and refuge for the persecuted and downtrodden. USA’s efforts in promoting freedom exemplify the indomitable human spirit to choose and make decisions for “the pursuit of life, liberty and happiness”, and has inspired nations and individuals to advance their own struggles for freedom and human rights.

Indian Diaspora Council International (**IDC**) conveys its best wishes to the government and people of the United States of America, and in close collaboration with other countries, for continuing vigilance and championing the cause of freedom and liberty throughout the world.
